Authors and Contributors

bespider (@bespider) for EggForSale (@eggforsale) created Django Flat Admin.

Installation

1. You can get Django Flat Admin from github
2. You will need to add the 'flat-admin' application to the INSTALLED_APPS setting of your Django project settings.py file.:

```
INSTALLED_APPS = (  
    ...  
    'flat_admin',  
    'django.contrib.admin',  
)
```

3. You also need to add 'django.core.context_processors.request' to TEMPLATE_CONTEXT_PROCESSORS setting in your Django project settings.py file.:

```
TEMPLATE_CONTEXT_PROCESSORS = (  
    ...  
    'django.core.context_processors.request',  
    ...  
)
```

Support or Contact

Having trouble with Django Flat Admin? Check out the detail page at <http://www.eggforsale.com> or contact support@eggforsale.com and we'll help you sort it out.
