
Package**name** Documentation

Release 0.0.dev32

packagename****

Dec 05, 2019

CONTENTS

1	focalplane Documentation	3
1.1	Reference/API	3

This is the documentation for focalplane. Tools for focal plane geometric calibration of astronomical telescopes.

FOCALPLANE DOCUMENTATION

This is the documentation for focalplane.

1.1 Reference/API

Note: The layout of this directory is simply a suggestion. To follow traditional practice, do *not* edit this page, but instead place all documentation for the package inside `focalplane/`. You can follow this practice or choose your own layout.
