geometry*analysis*

Jul 29, 2019

Contents:

1	Nothing	3
2	API Documentation	5
2.1	geometry_analysis.measure.calculate_distance	5
2.2	geometry_analysis.measure.calculate_angle	5
3	Indices and tables	7

This module has a Molecule object and provides some manipulation.

Available techniques:

- distance
- *bonds*

A link to [Google](#).

CHAPTER 1

Nothing

Imagine words below.

```
geometry_analysis.measure.  
calculate_distance
```

```
geometry_analysis.measure.  
calculate_angle
```

2.1 geometry_analysis.measure.calculate_distance

2.2 geometry_analysis.measure.calculate_angle

CHAPTER 3

Indices and tables

- `genindex`
- `modindex`
- `search`
