The HttpMultipart source code is [hosted on GitHub](#).

Documentation

2.1 User's guide

2.1.1 Introduction

Just a Python Http Multipart Post Handler. You can use it to post multipart requests.

2.1.2 Usage

Post

```
>>> import httpmultipart  
>>> httpmultipart.post(url, fields, files)  
...
```

The fields and files are both sequence. After run post function, it will return the response.
