This is the user guide to the Kenya Master Health Facility List [public website](#).

Introduction

This is the publicly accessible side of the Kenya Master Health Facility List. The main focus of this side is to allow easy location of facilities and community health units, mainly through search.

The homepage has a prominent search field, which can be used to lookup facilities by name, services, code e.t.c.

Locating Facilities Within the Master Facility List

Facilities in the MFL can be located via search and geolocation.

2.1 Location Through Search

The homepage has a search field that searches facilities by their code, name e.t.c.

The screenshot displays the homepage of the Master Facility List v2.0. The navigation bar includes links for Home, Find Facilities, Facility Geolocator, Community Units, Downloads, About, and Help. The main content area features a map of Kenya with the text "Welcome to the Master Facility List" and the Ministry of Health logo. A search bar is present, and a dropdown menu shows search results for "kenyatta national Hospital".

About the Master Facility List (MFL)

The results of the search are shown alongside the advanced search. Using the advanced search the query can be fine tuned e.g. viewing facilities in a certain ward.

The screenshot displays the 'Master Facility List v2.0' web application. The top navigation bar includes 'Home', 'Find Facilities', 'Facility Geolocator', 'Community Units', 'Downloads', 'About', and 'Help'. The 'About' and 'Help' links are circled in red. On the left, the 'Advanced Search' sidebar is highlighted with a red border and contains the following sections:

- Search all facilities:** A search box containing the text 'kenyatta national'.
- Facility Info:** Fields for 'Facility Name' and 'Facility Code'.
- Administrative Unit:** Fields for 'County' (with a dropdown menu), 'Sub County', and 'Ward'.
- Facility Details:** Fields for 'KEPH Level' (with a dropdown menu) and 'Facility Type' (with a dropdown menu).

The main content area shows search results for 'kenyatta national', displaying 'Showing 1 - 30 of 40 results.' The first result is circled in red:

The facility advanced search can also be accessed directly by selecting the find facilities button in the top navigation bar.

The screenshot displays the 'Master Facility List v2.0' interface. The top navigation bar includes 'Home', 'Find Facilities' (highlighted with a red box), 'Facility Geolocator', 'Community Units', 'Downloads', 'About', and 'Help'. The main content area is divided into two sections: 'Advanced Search' on the left and search results on the right.

Advanced Search Form:

- Search all facilities:** A search bar with the placeholder text 'Search all facilities'.
- Facility Info:**
 - Facility Name:** A text input field.
 - Facility Code:** A text input field.
- Administrative Unit:**
 - County:** A dropdown menu with the placeholder 'Select a county...'.
 - Sub County:** A text input field.
 - Ward:** A text input field.
- Facility Details:**
 - KEPH Level:** A dropdown menu with the placeholder 'Select a KEPH Level ...'.
 - Facility Type:** A dropdown menu with the placeholder 'Select a facility type...'.

Search Results: The results section shows 'Showing 1 - 30 of 8810 results.' and lists several facilities:

- 100000 | Mama Kiarie Medical Clinic:** Status: Operational. Location: NAIROBI COUNTY, MATHARE SUB-COUNTY. Services: Training Institution in Health (Stand-alone), Christian Health Association of Kenya HOSPITAL WARD.

The advanced search form on the left has fields that can further specify your search.

There's an export facilities option that enables users to export and download the filtered facilities in excel format.

Opening one facility show more details about the facility. The basic details of the facility are displayed on top. Below the basic details, the facility's services, location on a map, community units and (regulation) departments are displayed in tabs.

The facility services tab shows the services that the facility offers.

The facility's administrative unit (county, sub-county and ward) links to geolocation of facilities within the selected facility administrative unit.

A printable version of the facility details is available by pressing the print button.

The regulation tab shows the departments that are in the facility.

The community health units tab displays the community health units that are attached to the facility. Clicking on one unit opens up more details about the unit.

The show facility on map tab displays the position of the facility in the ward the facility is in.

2.3 Location Through the Geo-locator

The geolocator is the second way of locating facilities. The geolocator is accessed using the facility geolocator button in the top navigation. The page shows the map of Kenya with all 47 counties. The map has a heatmap showing concentration of facilities in an area.

Clicking on one county brings up the selected county's sub counties.

Clicking on one sub-county brings up the selected sub-county's wards.

The ward level is the lowest administrative unit available.

On the left of the map, there's a button that can be used to view facilities in the administrative unit, in this case, the ward.

The map displays the geographical outline of North Horr Sub-County. It features 15 blue location pins scattered across the area. Overlaid on the map are several green circles of varying diameters, which represent the concentration of health facilities at those locations. The legend indicates that larger green circles correspond to a 'High' concentration, medium circles to 'Moderate', and smaller circles to 'Low'. The map includes zoom-in (+) and zoom-out (-) controls in the top left corner, and a layer control icon in the top right corner.

Community Health Units (CHUs)

CHUs are health service structures with a defined geographical area and assigned to a facility.

3.1 Viewing CHUs

Just like facilities, CHUs have an advanced search, available under the community units link on the top navigation bar.

The screenshot shows the 'Master Facility List v2.0' application. The top navigation bar includes links for Home, Find Facilities, Facility Geolocator, Community Units (highlighted with a red box), Downloads, About, and Help. The 'Advanced Search' section on the left contains several filters: 'Search all CHUs' (with a search input), 'CHU Info' (with fields for CHU Name and CHU Code), 'Status' (with a dropdown menu), and 'Administrative Unit' (with dropdowns for County, Sub County, and Ward). The search results on the right show 'Showing 1 - 2 of 2 results.' and two entries:

CHU ID	CHU Name	Linked Facility	Status	Date Established	Location

3.2 Community Health Detail View

The CHU detail view displays the CHU basic details and also its location on a map based on the attached facility.

The screenshot shows the 'Master Facility List v2.0' interface. The top navigation bar includes 'Home', 'Find Facilities', 'Facility Geolocator', 'Community Units', 'Downloads', 'About', and 'Help'. The main content area displays details for CHU 601340 | Gathanga. Key information includes: 'Linked Facility: Gathanga Dispensary', 'Status: Fully-functional', 'Households Monitored: 1000', and 'Date Established: Mon, 28-09-2015'. The location is specified as NAIROBI COUNTY, WESTLANDS SUB-COUNTY, and KARURA WARD. A 'CHEW at Facility' section lists Frashiah Wanjiku, Munyinyi None, Dominic Mbicho, and Kimani None. An email address, gathangachw@yahoo.com, is also provided. A 'CHUL Average Rating' section shows a 0.0 rating with 0 reviews and a 'Rate CHUL' button. Below this is a 'Rate Community Unit' form with a comment field and a star rating system. At the bottom, a map titled 'KARURA WARD' shows the location of Gathanga, highlighted in orange, with surrounding areas like Kiambu, Kahawa West, and Marurui visible.

3.3 Providing Feedback on A Community Health Unit

CHUs can also be rated by clicking the rate chul button.
