
Syira Minimum Data Requirements Documentation

Release 0.0.0.1

GICHD

May 23, 2019

Contents

1	Risk Education Form	1
1.1	Form Version	3
1.2	General Information	3
1.2.1	Form ID	3
1.2.2	Report Date	4
1.2.3	Organisation Report ID	4
1.2.4	Region	4
1.2.5	Team Identification	5
1.3	Location Information	5
1.3.1	Administrative Level 1	5
1.3.2	Administrative Level 1 Name	5
1.3.3	Administrative Level 2	6
1.3.4	Administrative Level 2 Name	6
1.3.5	Administrative Level 3	6
1.3.6	Administrative Level 3 Name	7
1.3.7	Administrative Level 4	7
1.3.8	Administrative Level 4 Name	7
1.3.9	Neighborhood Name	7
1.3.10	Safety to Acquire GPS	8
1.3.11	Community Center Coordinates	8
1.3.12	Latitude	8
1.3.13	Longitude	8
1.3.14	GPS Accuracy	9
1.3.15	IDP Camp	9
1.3.16	IDP Camp Name	9
1.4	Risk Education Details	9
1.4.1	re_category	10
1.4.2	re_activity	10
1.4.3	re_activity_other	11
1.4.4	re_method	11
1.4.5	re_sessions_no	12
1.4.6	location_type	12
1.4.7	session_date	13
1.4.8	start_time	13
1.4.9	end_time	13
1.4.10	broadcast_start_date	13

1.4.11	broadcast_end_date	13
1.4.12	other_activities	14
1.4.13	other_activities_type	14
1.5	Beneficiaries Details	15
1.5.1	audience	15
1.5.2	male_5_12	15
1.5.3	female_5_12	16
1.5.4	male_13_17	16
1.5.5	female_13_17	16
1.5.6	male_18_plus	16
1.5.7	female_18_plus	17
1.5.8	total_audience	17
1.5.9	first_time_beneficiaries	17

This is the main form used to collect data regarding the Risk Education Activity in Syria.

1.1 Form Version

Data field to reference the version of the form. Forms are ongoing modification and updating and require a mechanism to follow up on development. This is not a mandatory field and will be used mainly for of the form tracking.

Field Name	form_version
Type	Text
Default Value	v0.01_data
Suggested Text	Report ID
Arabic Label	

1.2 General Information

This group of data fields will provide the basic identification of each report submitted. It will use for searching, and quality management purposes. Also it will assist in the coordination process among partners.

1.2.1 Form ID

This is the main report ID, each field report must be assigned a special report identification that is unique and can help distinguish reports by organizations. This will be assigned by UNMAS to each report received.

Field Name	id_re_sy
Type	Text
Calculation	<code>\${organisation ID} + '-RE-' + format-date(\${start_date}, '%Y%m%d-%H%M')</code>
Mandatory	Yes
Unique	Yes
Suggested Text	Report ID
Arabic Label	

1.2.2 Report Date

The date the report was submitted. It is different from the activity date.

Field Name	report_date
Type	Date
Mandatory	Yes
Unique	Yes
Default Value	<code>now()</code>
Suggested Text	Date of report
Arabic Label	

1.2.3 Organisation Report ID

The name of the organization conducting the risk education. Each partners will be assigned a unique identification number for security. Please consult with UNMAS for to be added to the system.

Field Name	org_code
Type	Select_one
Selection	Will be provided for each organization
Mandatory	Yes
Unique	
Suggested Text	Organisation
Arabic Label	

1.2.4 Region

The region that this report is coming from, in Syria there are 4 regions. This field will assist in reporting of activities as per each region.

Field Name	op_region
Type	Select_one
Selection	<ul style="list-style-type: none"> • ne_syria: North East Syria • nw_syria: North West Syria • south_syria: South Syria • damascus: Damascus
Mandatory	
Unique	
Suggested Text	Select Area of operations
Arabic Label	

1.2.5 Team Identification

The team that collected the information by the Organization, this will be used in QM processing. Please refer back to UNMAS for the assigning a unique identification for your teams.

Field Name	team
Type	Select_one
Selection	Will be provided for each organization
Mandatory	Yes
Unique	
Suggested Text	Team
Arabic Label	

1.3 Location Information

to link the activity to a location, depending on the gazetteer published by the UNOCHA for Syria. Contact UNMAS to know which version is being used.

1.3.1 Administrative Level 1

The governorate *P-Code* in which the operations was conducted. The list will be build on the OCHA Gazetteer. Please check with UNMAS for the latest gazetteer used in system.

Field Name	admin1
Type	Select_one
Selection	The list of Governorate from the Syrian Gazetteer
Mandatory	Yes
Unique	Yes
Suggested Text	Governorate
Arabic Label	

1.3.2 Administrative Level 1 Name

This will contain the governorate/admin1 name in English and will be used in the database

Field Name	admin1_name
Type	Text
Mandatory	
Unique	
Hidden	Yes
Suggested Text	Governorate (en)
Arabic Label	

1.3.3 Administrative Level 2

The district/admin2 *P-Code* in which the operations was conducted. The list will be build on the OCHA Gazetteer. Please check with UNMAS for the latest gazetteer used in system

Field Name	admin2
Type	Select_one
Selection	The list of districts from the Syrian Gazetteer
Mandatory	Yes
Unique	Yes
Suggested Text	District
Arabic Label	

1.3.4 Administrative Level 2 Name

This will contain the district/admin2 name in English and will be used in the database.

Field Name	admin2_name
Type	Text
Mandatory	
Unique	
Hidden	Yes
Suggested Text	District (en)
Arabic Label	

1.3.5 Administrative Level 3

The sub-district/admin3 *P-Code* in which the operations was conducted. The list will be build on the OCHA Gazetteer. Please check with UNMAS for the latest gazetteer used in system

Field Name	admin3
Type	Select_one
Selection	The list of sub-districts from the Syrian Gazetteer
Mandatory	Yes
Unique	Yes
Suggested Text	Sub-District
Arabic Label	

1.3.6 Administrative Level 3 Name

This will contain the sub-district/admin3 English name and will be used in the database

Field Name	admin3_name
Type	Text
Mandatory	
Unique	
Hidden	Yes
Suggested Text	Sub-District (en)
Arabic Label	

1.3.7 Administrative Level 4

The community/admin4 or the nearest community to the location *P-Code* in which the operations was conducted. The list will be build on the OCHA Gazetteer. Please check with UNMAS for the latest gazetteer used in system

Field Name	admin4
Type	Select_one
Selection	The list of communities from the Syrian Gazetteer
Mandatory	Yes
Unique	Yes
Suggested Text	Community
Arabic Label	/

1.3.8 Administrative Level 4 Name

This will contain the community/admin4 English name and will be used in the database.

Field Name	admin4_name
Type	Text
Mandatory	
Unique	
Hidden	Yes
Suggested Text	Community (en)
Arabic Label	

1.3.9 Neighborhood Name

In case of large urban communities, it is highly recommend to enter the neighborhood name. It is advice to have it written in English as it was agreed among all stakeholders.

Field Name	neighborhood
Type	Text
Mandatory	
Unique	
Hidden	Yes
Suggested Text	Neighborhood
Arabic Label	

1.3.10 Safety to Acquire GPS

Is it safe to collect geopoint information from the group, and with their consent, this will be used mainly in case of areas that could put the enumerators in harms way by collecting the geo information.

Field Name	geo_safe
Type	Select_one
Selection	<ul style="list-style-type: none"> • yes: Yes • “no” : No
Mandatory	Yes
Unique	
Suggested Text	Is it safe to record a geo location for this RE Activity
Arabic Label	

1.3.11 Community Center Coordinates

The lat/long location of the risk education session. Captured using a GPS device of the mobile devices.

Field Name	community_coordinates
Type	GeoPoint
Mandatory	
Unique	
Suggested Text	Capture the location of the RE Activity
Arabic Label	

1.3.12 Latitude

For the database usage, this field will be calculated between the GPS point and the gazetteer locations provided.

Field Name	re_latitude
Type	decimal / Calculated
Mandatory	
Unique	
Suggested Text	Latitude
Arabic Label	

1.3.13 Longitude

For the database usage, this field will be calculated between the GPS point and the gazetteer locations provided

Field Name	re_longitude
Type	decimal / Calculated
Mandatory	
Unique	
Suggested Text	Longitude
Arabic Label	

1.3.14 GPS Accuracy

For the database usage, this field will be calculated between the GPS point and the gazetteer locations provided

Field Name	re_gps_accuracy
Type	decimal / Calculated
Mandatory	
Unique	
Suggested Text	GPS Accuracy (in meters)
Arabic Label	()

1.3.15 IDP Camp

This question will verify if that location is an IDP camp or not.

Field Name	idp_camp
Type	Select_one
Selection	<ul style="list-style-type: none"> • yes: Yes • “no” : No
Mandatory	Yes
Unique	
Suggested Text	Is the location an IDP camp?
Arabic Label	

1.3.16 IDP Camp Name

In case if this location is an IDP camp then please provide the name of the IDP camp.

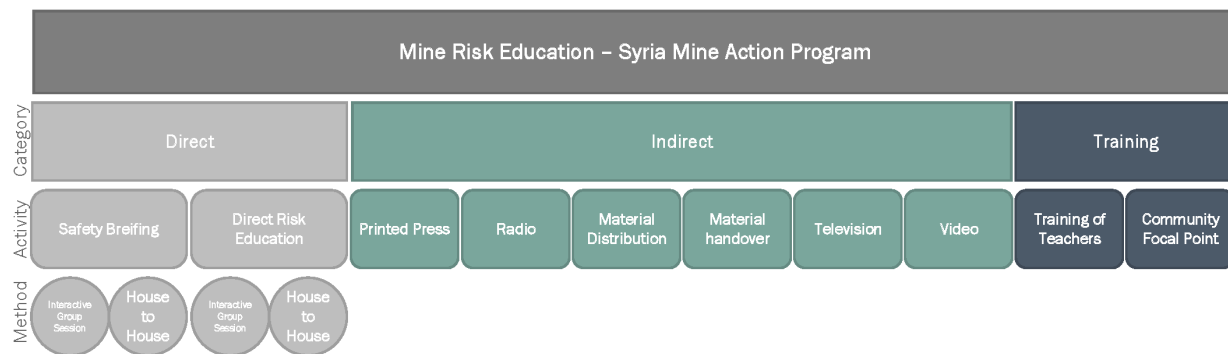

Field Name	idp_camp_name
Type	Text
Mandatory	
Unique	
Suggested Text	Name of the camp
Arabic Label	,

1.4 Risk Education Details

Risk Education compose of different activities that targets the people in need. For data collection porpoises the Syria program adopt a structure for classification and categorizing risk education activities conducted in Syria. As depicted in the diagram below.

All activities in Syria are categories under three main groups :

- Direct
- Indirect
- Training

Each group composed of different activities as organized by color.

1.4.1 re_category

What is the category of this group, a list is provided please make sure that you use one of the items listed in the “Options” Sheet under “re_category”

Type	Select_one
Selection	<ul style="list-style-type: none"> • direct: Direct • indirect: Indirect • training: Training
Mandatory	Yes
Unique	
Suggested Text	Risk Education Category
Arabic Label	

1.4.2 re_activity

Depending on the category selected these activities will be listed below.

Type	Select_one
Selection	<ul style="list-style-type: none"> • Category = Direct <ul style="list-style-type: none"> - safety_briefing: Safety Briefing - directre: Direct Risk Education • Category = Indirect <ul style="list-style-type: none"> - materialdistribution: Material Distribution - materialhandover: Material handover - radio: Radio - tv: Television - video: Video - socialmedia: Social Media - printedpress: Printed press (newspapers, magazines) • Category = Training <ul style="list-style-type: none"> - tot: Training of Teachers (ToT) - cfp: Community Focal Point (CFP)
Dependency	Yes
Depend on Data Field	re_category
Mandatory	Yes
Unique	
Suggested Text	Type of Activity
Arabic Label	

1.4.3 re_activity_other

In case the Risk Education Activity selected was -Other- then we will require to understand what type of activity was conducted.

Type	Text
Mandatory	
Unique	
Suggested Text	Please describe the other activity
Arabic Label	

1.4.4 re_method

In case the Risk Education category is direct you will need to identify which method was used based on the selection below

Type	Select_one
Selection	<ul style="list-style-type: none"> • interactive_group_session: Interactive group session • house_to_house: House to house • focus_group_discussion: Focus group discussion • peer_to_peer: Peer-to-peer • theatre: Training • other: Other
Mandatory	Yes
Unique	
Suggested Text	What method was used to deliver the activity?
Arabic Label	

1.4.5 re_sessions_no

The number of session conducted and reported in a single report, minimum value is 1.

Type	Number
Mandatory	
Unique	
Suggested Text	Number of Sessions conducted
Arabic Label	

1.4.6 location_type

The location in which the activity has been conducted.

Type	Select_one
Selection	<ul style="list-style-type: none"> • camp: Camp • child_friendly_space: Child-friendly • community_centre: Community center • education_facility: Education facility • farm: Farm • household: Household • market: Market • medical_facility: Medical facility • religious_site: Religious site • Other: Other
Mandatory	
Unique	
Suggested Text	Where was the session conducted?
Arabic Label	

1.4.7 session_date

The date that the risk education session took place. This is the actual date of the session and it could be different from the report date.

Type	Date
Mandatory	Yes
Unique	Yes
Suggested Text	The session Date
Arabic Label	

1.4.8 start_time

The time that the risk education session started. This is the actual time that the session started.

Type	Time
Mandatory	
Unique	
Suggested Text	Start Date
Arabic Label	

1.4.9 end_time

The time that the risk education session ended. This is the actual time that the session ended.

Type	Time
Mandatory	
Unique	
Suggested Text	End Date
Arabic Label	

1.4.10 broadcast_start_date

When the operator conduct a campaign using either TV, radio, Social media or News Paper, this is the data that this campaign started.

Type	Date
Mandatory	Yes
Unique	Yes
Suggested Text	Broadcast start date
Arabic Label	

1.4.11 broadcast_end_date

When the operator conduct a campaign using either TV, radio, Social media or News Paper, this is the data that this campaign ended.

Type	Date
Mandatory	Yes
Unique	Yes
Suggested Text	Broadcast end date
Arabic Label	

1.4.12 other_activities

The aim of this data field is to gather if there is any other activities has been conducted during the risk education and are relative to the mine action.

Type	Select_one
Selection	<ul style="list-style-type: none"> • yes: Yes • “no”: No
Mandatory	Yes
Unique	
Suggested Text	Were there other activities conducted along side the RE ?
Arabic Label	

1.4.13 other_activities_type

In the case of there was other activities conducted, please selected one or more of the following.

Type	Select_one
Selection	<ul style="list-style-type: none"> • agriculture: Agriculture • casualty_data_collection: Casualty data collection • child_protection: Child protection • explosive_hazard_removal: Explosive hazard removal • hazard_data_collection: Hazard data collection • healthcare: Healthcare • infrastructure_rehabilitation: Infrastructure rehabilitation • marking_of_hazards: Marking of hazards • refugee_idp_resettlement: Refugee/IDP resettlement • Other: Other
Mandatory	
Unique	
Suggested Text	If yes, what other type of activities were conducted?
Arabic Label	,

1.5 Beneficiaries Details

This is the part of the Risk Education form we aim to collect information about the beneficiaries, classified by the gender and Age. this in compliance with gender and diversity data requirement, - Sex & Age Disaggregated Data [SADD] methodology.

It is important to notice the age classification differ from one organization to the another. For the Syria Risk Education we are using simplified classification to collect information about the beneficialness and affected population whom received some from of risk education.

Age	Gender
6 - 12	Male / Female
13 - 17	Male / Female
+18	Male / Female

1.5.1 audience

The primary audience who have received the risk education activity aim of this data field is to gather if there is any other activities has been conducted during the risk education and are relative to the mine action.

Type	Select_one
Selection	<ul style="list-style-type: none"> • <code>community_points</code>: Community focal points • <code>community_leaders</code>: Community leaders • <code>convoy_drivers</code>: Convoy drivers • <code>farmers</code>: Farmers • <code>health_workers</code>: Health workers • <code>reconstruction_workers</code>: Reconstruction workers • <code>refugees_IDPs</code>: Refugees/IDPs • <code>religious_leaders</code>: Religious leaders • <code>scrap_dealers</code>: Scrap metal collectors/dealers • <code>teachers</code>: Teachers • <code>Other</code>: Other
Mandatory	Yes
Unique	
Suggested Text	Who was the primary audience? (choose one)
Arabic Label	/

1.5.2 male_5_12

The number of **male** beneficiaries who attended the activity and between the age of 5 years and 12 years, minimum value is 0.

Type	Number
Mandatory	
Unique	
Suggested Text	Male 5-12 years old
Arabic Label	5-12

1.5.3 female_5_12

The number of **female** beneficiaries who attended the activity and between the age of 5 years and 12 years, minimum value is 0.

Type	Number
Mandatory	
Unique	
Suggested Text	Female 5-12 years old
Arabic Label	5-12

1.5.4 male_13_17

The number of **male** beneficiaries who attended the activity and between the age of 13 years and 17 years, minimum value is 0.

Type	Number
Mandatory	
Unique	
Suggested Text	Male 13-17 years old
Arabic Label	13-17

1.5.5 female_13_17

The number of **female** beneficiaries who attended the activity and between the age of 13 years and 17 years, minimum value is 0.

Type	Number
Mandatory	
Unique	
Suggested Text	Female 13-17 years old
Arabic Label	13-17

1.5.6 male_18_plus

The number of **male** beneficiaries who attended the activity and are 18 years of age or older, minimum value is 0.

Type	Number
Mandatory	
Unique	
Suggested Text	Male 18+ years old
Arabic Label	18

1.5.7 female_18_plus

The number of **female** beneficiaries who attended the activity and are 18 years of age or older, minimum value is 0.

Type	Number
Mandatory	
Unique	
Suggested Text	Female 18+ years old
Arabic Label	18

1.5.8 total_audience

The total number of beneficiaries who attended the activity. This number should match the disaggregated data of all age and gender.

Type	Number
Mandatory	
Unique	
Suggested Text	Total Audience
Arabic Label	

1.5.9 first_time_beneficiaries

The total number of beneficiaries who attended risk education activity for the first time. This number should not be more than the `total_audience`.

Type	Number
Mandatory	
Unique	
Suggested Text	How many of the total people reached were first-time beneficiaries?
Arabic Label	

1.6 Materials Distributed

Listing any material was distributed during the risk education activity to the beneficiaries. Here are listed some of the material that distributed in Syria, however and in case if the material does not exist, please fill the other material distributed fields.

1.6.1 posters

The aim of this data field is to verify if any posters were distributed during the risk education.

Type	Select_one
Selection	<ul style="list-style-type: none"> • yes: Yes • “no” : No
Mandatory	Yes
Unique	
Suggested Text	Posters
Arabic Label	

1.6.2 posters_qty

The number of posters beneficiaries received during the activity.

Type	Number
Mandatory	
Unique	
Suggested Text	Posters Qty
Arabic Label	

1.6.3 brochures

The aim of this data field is to verify if any brochures were distributed during the risk education.

Type	Select_one
Selection	<ul style="list-style-type: none"> • yes: Yes • “no” : No
Mandatory	Yes
Unique	
Suggested Text	Brochures
Arabic Label	

1.6.4 brochures_qty

The number of brochures beneficiaries received during the activity.

Type	Number
Mandatory	
Unique	
Suggested Text	Brochures Qty
Arabic Label	

1.6.5 t_shirts

The aim of this data field is to verify if any T-Shirts were distributed during the risk education.

Type	Select_one
Selection	<ul style="list-style-type: none"> • yes: Yes • “no” : No
Mandatory	Yes
Unique	
Suggested Text	T Shirts
Arabic Label	

1.6.6 t_shirts_qty

The number of T-Shirts beneficiaries received during the activity.

Type	Number
Mandatory	
Unique	
Suggested Text	T Shirts Qty
Arabic Label	

1.6.7 bags

The aim of this data field is to verify if any bags were distributed during the risk education.

Type	Select_one
Selection	<ul style="list-style-type: none"> • yes: Yes • “no” : No
Mandatory	Yes
Unique	
Suggested Text	Were there other activities conducted along side the RE ?
Arabic Label	

1.6.8 bags_qty

The number of Bags beneficiaries received during the activity.

Type	Number
Mandatory	
Unique	
Suggested Text	Female 18+ years old
Arabic Label	18

1.6.9 other_material

Was any other material distributed to the beneficiaries during the activity.

Type	Select_one
Selection	<ul style="list-style-type: none"> • yes: Yes • “no” : No
Mandatory	Yes
Unique	
Suggested Text	Other Material
Arabic Label	

1.6.10 other_material_specify

This is to specify what type of material distrusted, in case different items just list them all here.

Type	Text
Mandatory	
Unique	
Suggested Text	Other Material Specify
Arabic Label	/

1.6.11 other_material_qty

The total number of all other material beneficiaries received during the activity.

Type	Number
Mandatory	
Unique	
Suggested Text	Other Material Qty
Arabic Label	==

1.7 Form Follow up and verification

Contact Points Details

1.7.1 contact1_name

The first contact points name of the community focal point who assist in conducting the activity

Type	Text
Mandatory	Yes
Unique	
Suggested Text	Name of community focal point (1FemName of community focal point(1)
Arabic Label	

1.7.2 contact1_phone

The first contact phone of the community focal point who assist in conducting the activity

Type	Text
Mandatory	Yes
Unique	
Suggested Text	Tel. number of community focal point (1)
Arabic Label	

1.7.3 contact2_name

The second contact name of the community focal point who assist in conducting the activity

Type	Text
Mandatory	
Unique	
Suggested Text	Name of community focal point (2)
Arabic Label	

1.7.4 contact2_phone

The second contact phone of the community focal point who assist in conducting the activity

Type	Text
Mandatory	
Unique	
Suggested Text	Name of community focal point (2)
Arabic Label

This is the main form used to collect data regarding the Risk Education Activity in Syria.

2.1 form_version

2.2 General Information

2.2.1 id_cis_sy

This is the main report ID, each field report must be assigned a special report identification that is unique and can help distinguish reports by organizations. This will be assigned by UNMAS to each report received.

Type	Text
Calculation	<code>\${team_id} + '-CIS-' + format-date(\${report_date}, '%d%m%Y-%H%M')</code>
Mandatory	Yes
Unique	Yes
Hidden	
Suggested Text	Report ID
Arabic Label	

2.2.2 Report Date

The date the report was submitted. It is different from the activity date.

Field Name	report_date
Type	Date
Mandatory	Yes
Unique	
Default Value	<code>today()</code>
Suggested Text	Date of report
Arabic Label	

2.2.3 date_activity

The date the report was submitted. It is different from the activity date.

Field Name	date_activity
Type	Date
Mandatory	
Unique	
Default Value	
Suggested Text	
Arabic Label	

2.2.4 Organization

The name of the Organization conducting the risk education. Each partners will be assigned a unique identification number for security. Please consult with UNMAS for to be added to the system.

Field Name	organization
Type	hidden
Selection	Will be provided for each Organization
Mandatory	
Unique	
Suggested Text	Organization
Arabic Label	

2.2.5 Org_code

The name of the Organization conducting the risk education. Each partners will be assigned a unique identification number for security. Please consult with UNMAS for to be added to the system.

Field Name	organization IMSA Code
Type	hidden
Selection	Will be provided for each Organization
Mandatory	
Unique	Yes
Suggested Text	Organization
Arabic Label	

2.2.6 country

The region that this report is coming from, in Syria there are 4 regions. This field will assist in reporting of activities as per each region.

Field Name	country
Type	hidden
Default Value	Syria
Mandatory	
Unique	
Suggested Text	
Arabic Label	

2.2.7 areaops

The date the report was submitted. It is different from the activity date.

Field Name	report_date
Type	Select Region of operations
Mandatory	
Unique	Yes
Default Value	today ()
Suggested Text	Date of report
Arabic Label	

2.2.8 Team_type

The team that collected the information by the Organization, this will be used in QM processing. Please refer back to UNMAS for the assigning a unique identification for your teams.

Field Name	Type of Team
Type	hidden
Selection	Will be provided for each organization
Mandatory	
Unique	Yes
Suggested Text	Team
Arabic Label	

2.2.9 Team_id

The team that collected the information by the Organization, this will be used in QM processing. Please refer back to UNMAS for the assigning a unique identification for your teams.

Field Name	Team
Type	text
Selection	
Mandatory	
Unique	
Suggested Text	Team
Arabic Label	/

2.2.10 donername

The team that collected the information by the Organization, this will be used in QM processing. Please refer back to UNMAS for the assigning a unique identification for your teams.

Field Name	Team
Type	text
Selection	
Mandatory	Yes
Unique	Yes
Suggested Text	Team
Arabic Label	

2.2.11 dgeographicalreference

The team that collected the information by the Organization, this will be used in QM processing. Please refer back to UNMAS for the assigning a unique identification for your teams.

Field Name	Geographical Reference:
Type	begin groupe
Selection	
Mandatory
