General Information

1.1 General Information

Thank you for purchasing Woocommerce Ultimate Discount Plugin! We're very pleased that you have chosen our plugin to extend your website. We're doing our best not to disappoint you! Before you get started, please check out these documentation pages. WooCommerce Ultimate Discount Plugin can only be used with WordPress and we assume that you already have it installed and ready to go. If you don't, please see [WordPress Codex](#) to get started.

1.2 Requirements

Before using WooCommerce Ultimate Discount Plugin, please meet the following requirements:

- Essentials to run WordPress – Read more about [WordPress Minimum Requirements](#) – in case any doubts regarding the server, contact your host provider.
- Latest version of WordPress, which you can [download here](#).
- Create secure [FTP](#) and Database.

Note: To use this plugin, you need to install and activated first the WooCommerce Plugin.

1.3 Installation

In our guide, we will show you step by step instructions on how to install our plugin. Below you will find two ways how to install a WordPress plugin.

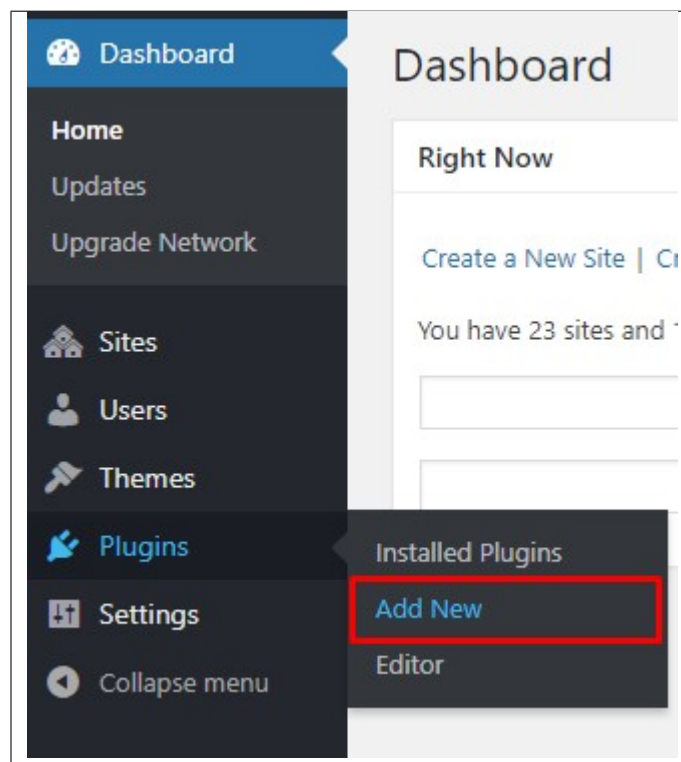

1.3.1 Installation via Administration Panel

If WooCommerce Ultimate Discount Plugin files are downloaded from your Themeforest account, you can start an installation using WordPress administration panel.

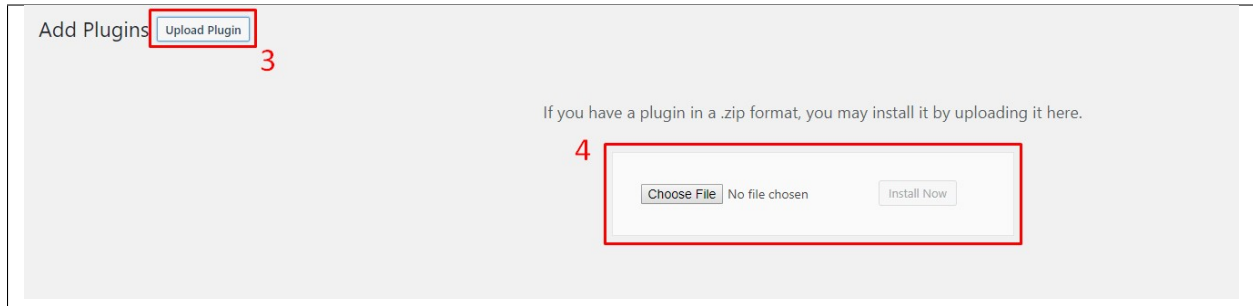

- **Step 1** - Once you've logged in to your administration panel, go to *My Sites > Network Admin*.

- **Step 2** - Then click on *Plugins > Add New*, you will be directed to a page where you can choose available themes.

- **Step 3** - Once directed to the page, on the upper left side of the screen click on *Upload Plugin* button.
- **Step 4** - Choose the *ct-woocommerce-ultimate-discount.zip* file from your computer, then click *Install Now*.

- **Step 5** - After this, you will see the success message with a link to activate the plugin or return to plugin installer.

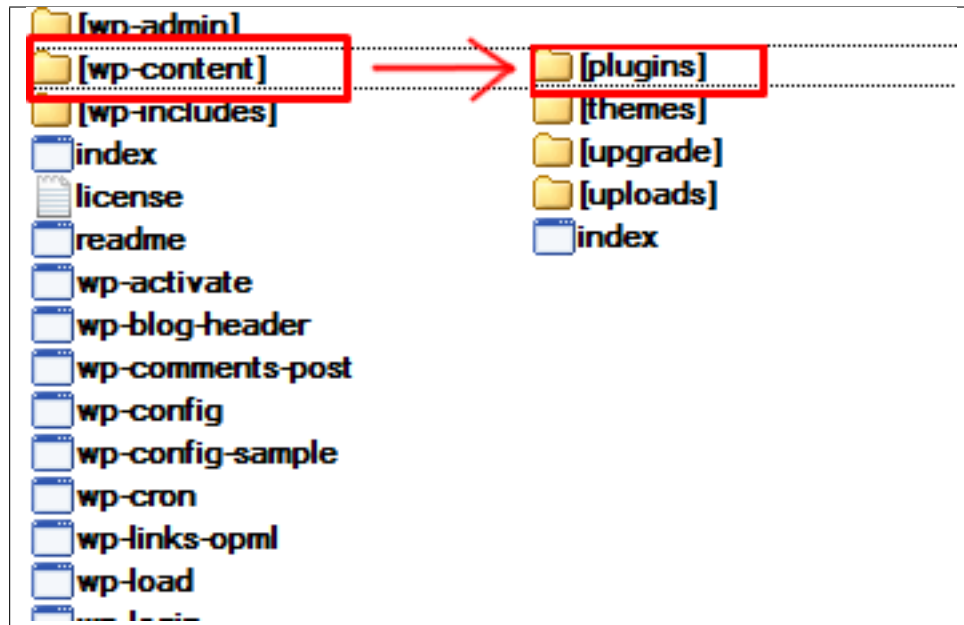

Common Install Error: Are You Sure You Want To Do This?

If you get the following question message when installing *ct-woocommerce-ultimate-discount.zip* file via WordPress, it means that you have an upload file size limit. *Install the theme via FTP* or call your hosting company and ask them to increase the limit.

1.3.2 Installation via FTP

To install WooCommerce Ultimate Discount Plugin via FTP, follow steps below:

- **Step 1** – Unarchive *ct-woocommerce-ultimate-discount.zip* file
- **Step 2** – Access your host web server using FTP client
- **Step 3** – Find directory *wp-content > plugins*
- **Step 4** – Put folder WooCommerce Ultimate Discount Plugin in directory *wp-content > plugins*

1.4 Support

All of our items comes with free support. Free support is limited to questions regarding the themes features or problems. We provide premium support for code customisation or third-party plugins.

Note: Our support hours: **10:00 AM – 6:00 PM UTC +1 on Monday to Friday.**

1.4.1 Free Support

For issues and concerns, you can reach us through these support methods:

- **E-mail** – support@createit.pl
- **Help Desk** – Click [here](#) to go to our support website. Just click on the *Submit Ticket* button and follow instructions to create a ticket.
- **Forum** – Comment/Post on the product you have issues/queries in [ThemeForest](#) or [CodeCanyon](#) websites.

Before You Post in a Forum

We urge you to follow the steps below, before you post a new topic on the forum, to speed up your request. It's in everyone's interest and will benefit in making the entire forum more efficient:

- **Step 1** – Always check the Documentation and the Knowledgebase Section. Most questions are already answered in those areas.
- **Step 2** – If your question hasn't been brought up on the forum, please post a new topic. Always be as specific as possible. Creating a topic requires entering the live URL to your home page or

page that shows the issue in question. It also has bars for WP and FTP login info, which aren't required, however, providing us with your login information can save a lot of time for both of us. Login credentials are securely stored and accessible only by our support staff.

- **Step 3** – We usually answer questions in 24 hours on working days. However, if you don't get any answer within 72 hours bump up your question or send us an e-mail.

For *all support methods*, you will receive confirmations and replies on your queries through e-mail or by tracking your ticket which you will also get through e-mail. To track your ticket, please [click here](#).

Once we reply to your query, *each ticket will be open for 7 days* without a reply from you. On the 6th day without a reply, an e-mail will be sent to notify you of the ticket's inactivity. To make the ticket active again, you simply need to reply or follow the steps in the e-mail. If you won't make the ticket active within 7 days, on the 8th day the ticket will automatically be closed.

1.4.2 Premium Support

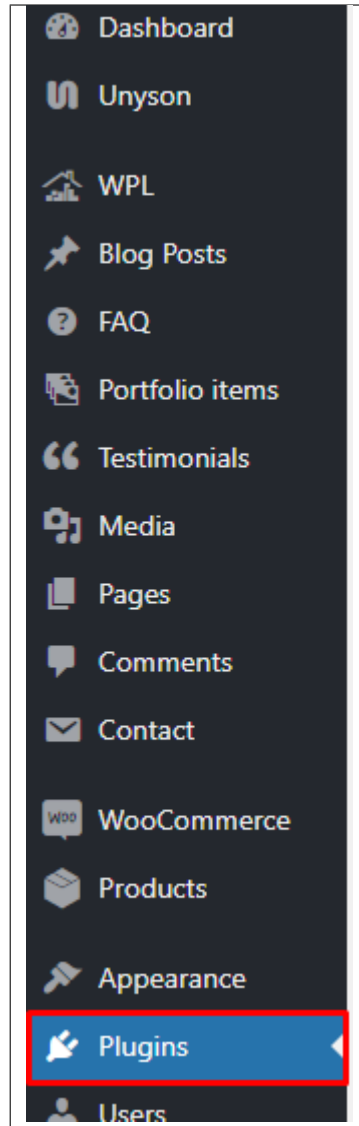

We can create your website from scratch, redesign it or just extend the current ones. For more information, please take a look at [our website](#). Typical issues covered by Premium Support:

- Custom CSS
- Support for third party software and plug-ins
- WordPress Installation with Theme configuration
- Server configuration
- Site structure modifications
- Graphic adjustments, etc.
- WordPress general howto's
