Wagtail forums is a simple app which allows you to add a forum to your Wagtail project.

1.1 Installation

1.1.1 With PyPI

```
pip install wagtailforums==0.1a1
```

1.1.2 From git

```
pip install -e git://github.com/kaedroho/wagtailforums.git#egg=wagtailforums
```

1.2 Configuration

Add `wagtailforums` into your `INSTALLED_APPS`.

```
INSTALLED_APPS = [  
    ...  
    'wagtailforums',  
]
```

CHAPTER 2

Indices and tables

- `genindex`
- `modindex`
- `search`
