
certstore

Release 0.0.2

June 24, 2016

1	Installation	3
2	Usage	5

Platform independent access to system certificate store.

Installation

certstore is available on PyPI.:

```
$ pip install certstore
```

Usage

Access and use system certificate bundle:

```
>>> import certstore
>>> certstore.ca_bundle
'/path/to/system/store/ca.pem'

>>> import requests
>>> requests.get('https://some.domain.com', verify=certstore.ca_bundle)
```
