
docker-master Documentation

Release 0.0.2

Matt Bodenhamer

Sep 27, 2017

Contents

1	Changelog	3
1.1	0.0.2 (2016-08-02)	3
1.2	0.0.1 (2016-07-29)	3
2	Indices and tables	5

An alternative to docker-compose.

Feature parity is not intended, but will rather focus on doing certain specific things well.

The current version is a hacked-together prototype with limited functionality and no documentation. Future releases will remedy this situation.

Contents:

CHAPTER 1

Changelog

0.0.2 (2016-08-02)

- Fixed bug with command line arguments
- Added validate command

0.0.1 (2016-07-29)
