
hubblepy Documentation

Release 1.0.0

Aaron Schlegel

Sep 20, 2018

Contents

1	Installation
----------	---------------------

3

Thank you for checking out the hubblepy documentation! hubblepy is meant to be an easy-to-use and lightweight API wrapper of the [HubbleSite API](http://hubblesite.org/) which allows for programmatic access of resources and content available on <http://hubblesite.org/>.

CHAPTER 1

Installation

hubblepy is most easily installed using pip.

```
pip install hubblepy
```

1.1 Reference

1.1.1 API Reference

1.2 Version History

1.2.1 Version History

Version 1.0.0

- Initial release.
