
link.mongo Documentation

Release 0.10

David Delassus

September 02, 2016

1	Installation	3
2	Contents	5
2.1	API documentation	5
3	Donating	7
	Python Module Index	9

link.mongo is a MongoDB driver for **link.dbrequest** query system.

Check out the source code on [Github](#).

Installation

```
pip install link.mongo
```

2.1 API documentation

2.1.1 link.mongo package

Submodules

link.mongo.driver module

```
class link.mongo.driver.MongoQueryDriver (*args, **kwargs)
    Bases: link.dbrequest.driver.Driver

    cursor_class
        alias of MongoClient

    process_query (query)
```

link.mongo.model module

```
class link.mongo.model.MongoCursor (*args, **kwargs)
    Bases: link.dbrequest.model.Cursor

    driver

    to_model (doc)
```

link.mongo.storage module

```
class link.mongo.storage.MongoStorage (auth_database=None, auth_mechanism='SCRAM-SHA-
    1', auth_mechanism_props=None, *args, **kwargs)
    Bases: link.middleware.connectable.ConnectableMiddleware

    aggregate (pipeline)

    collection

    count (mfilter, skip=None, limit=None)

    database

    delete (mfilter, multi=True)

    find (mfilter, skip=None, limit=None)
```

insert (*docs*)

update (*mfilter, spec, multi=True*)

Module contents

2.1.2 link.mongo.ast package

Submodules

link.mongo.ast.filter module

link.mongo.ast.insert module

Module contents

Donating

I

`link.mongo`, 6
`link.mongo.ast`, 6
`link.mongo.driver`, 5
`link.mongo.model`, 5
`link.mongo.storage`, 5

A

aggregate() (link.mongo.storage.MongoStorage method), 5

C

collection (link.mongo.storage.MongoStorage attribute), 5

count() (link.mongo.storage.MongoStorage method), 5

cursor_class (link.mongo.driver.MongoQueryDriver attribute), 5

D

database (link.mongo.storage.MongoStorage attribute), 5

delete() (link.mongo.storage.MongoStorage method), 5

driver (link.mongo.model.MongoCursor attribute), 5

F

find() (link.mongo.storage.MongoStorage method), 5

I

insert() (link.mongo.storage.MongoStorage method), 6

L

link.mongo (module), 6

link.mongo.ast (module), 6

link.mongo.driver (module), 5

link.mongo.model (module), 5

link.mongo.storage (module), 5

M

MongoCursor (class in link.mongo.model), 5

MongoQueryDriver (class in link.mongo.driver), 5

MongoStorage (class in link.mongo.storage), 5

P

process_query() (link.mongo.driver.MongoQueryDriver method), 5

T

to_model() (link.mongo.model.MongoCursor method), 5

U

update() (link.mongo.storage.MongoStorage method), 6
