1.1.5 Module contents

Access document data in the Mendeley sqlite3 database.

Note: Currently looks in fixed paths on Linux. Changing EXPECTED_MENDELEY_SQLITE_DIR and EXPECTED_MENDELEY_CONFIG_PATH should allow it to work on non-linux or non-standard installs.

`lmendeley.find_mendeley_sqlite_path()`

Get the path to the mendeley db file.

Returns The path to the Mendeley sqlite3 database if in standard location, otherwise returns None.

Rtype str
