Python library to interface with a WordPress blog's [JSON API](#) or [XML-RPC API](#).

An implementation of the standard WordPress API methods is provided, but the library is designed for easy integration with custom API methods provided by plugins.

This library was developed against and tested on WordPress 3.6. This library is compatible with Python 2.6+ and 3.2+.

# CHAPTER 1

---

## Getting Started

---

### 1.1 Overview

#### 1.1.1 Installation

1. Verify you meet the following requirements:
  - WordPress 3.6+
  - Python 2.6+ **OR** Python 3.x
2. Install from [PyPI](#) using `easy_install python-wordpress-api` or `pip install python-wordpress-api`.

# CHAPTER 2

---

Internals/Development

---

## 2.1 History/CHANGELOG

### 2.1.1 0.1

(June 9, 2013)

- Initial release.

# CHAPTER 3
