4.1 Development Lead	9
4.2 Project Support	9
5 Contributing	11
6 History	13
6.1 0.0.1 (pre-release on 10 June 2019)	13
7 Indices and tables	15

Sparx Core is the new API server code which has been build for faster microservices. We at CleverInsight Lab took the initiative to build a better automated api pipeline library and here it is.

CHAPTER 1

Help

TODO: write content

CHAPTER 2

Installation

Install the extension with using pip.

```
$ pip install -U sparx-cli
```

Sparx Core is the new API server code which has been build for faster microservices

3.1 Simple Usage

```
>>> sparx
```

4.1 Development Lead

- Bastin Robins <robin@cleverinsight.co>
- Vandana Bhagat <vandana.bhagat@cleverinsight.co>

4.2 Project Support

- Kothandaraman Sridharan <sri@cleverinsight.co>

CHAPTER 5

Contributing

6.1 0.0.1 (pre-release on 10 June 2019)

- sparx

CHAPTER 7

Indices and tables

- `genindex`
- `modindex`
- `search`
