**trytond***product\_attribute*Documentation

**Release 4.0**

**Nov 24, 2018**

---

## Contents

---

<b>1</b>	<b>Attribute</b>	<b>3</b>
<b>2</b>	<b>Attribute Set</b>	<b>5</b>

The Product Attribute module defines the following models: Attribute and Attribute Set.

# CHAPTER 1

---

## Attribute

---

An Attribute represents a property of a product, such as its colors, dimensions and so on.

## CHAPTER 2

---

### Attribute Set

---

An Attribute Set is linked to products and allows to assign attribute values to products.
