Release 4.2

May 16, 2019

Contents

1	Taxon	3
2	Cultivar	5

The Product Classification Taxonomic module adds the taxonomic classification to the products.

The available classifications are:

CHAPTER 1

Taxon

A **taxon** is defined by a name and a **taxonomic rank**. It is stored inside a tree structure.

CHAPTER 2

Cultivar

A cultivar is defined by a name, a taxon and a list of cultivar groups.
