**Release 4.4**

**Nov 22, 2019**

---

## Contents

---

<b>1</b>	<b>Taxon</b>	<b>3</b>
<b>2</b>	<b>Cultivar</b>	<b>5</b>

The Product Classification Taxonomic module adds the taxonomic classification to the products.

The available classifications are:

# CHAPTER 1

---

## Taxon

---

A **taxon** is defined by a name and a **taxonomic rank**. It is stored inside a tree structure.

## CHAPTER 2

---

### Cultivar

---

A cultivar is defined by a name, a taxon and a list of cultivar groups.
